Project Name: Webster University Interdisciplinary Science Building Project No.: 15051

Subject: CAD file with control points and building grid lines

Response Required By: March 24, 2016

Drawing / Spec Reference:

Information Requested:

For layout purposes we are requesting a CAD file with existing control points with coordinates along with the building grid lines.

Response:

CAD files will be provided, files include a drawing with grid lines identified, use this information to generate coordinates. After grid lines have been established in the field verify with the architect that their location with respect to the EAB is correct.

ARCHITECT'S RESPONSE:

This information is provided as an interpretation of the Contract Documents for implementation. It is not an authorization for change to the Contract Sum or Contract Time. If this information results in a claim for a change to the Contract, the Contractor shall notify the [Construction Manager][Architect] of a change through the change process.
