REQUEST FOR INFORMATION	DATE: May 24, 2016	NO.: RFI-106
--------------------------------	---------------------------	---------------------

To: Cannon Design

Attn: Kelvin Patel

From: Paric Corporation

Requested By: Joe Voypick

Project Name: Webster University Interdisciplinary Science Building Project No.: 15051

Subject: #27-Floor Drain Dimensions

Response Required By: May 31, 2016

Drawing / Spec Reference:

Information Requested:

The floor drains in the public restrooms are shown on the plumbing plans as being between the ADA stall and the next adjacent stall. The drains do not appear in the Architectural revit model. Is there a precise dimensioned location from the wet wall to the center of the floor drains in the public restrooms?

If this needs additional Architectural review, please have Architectural review prior to returning to contractor.

Response:

Place the floor drains per attached sketch.

ARCHITECT'S RESPONSE:

This information is provided as an interpretation of the Contract Documents for implementation. It is not an authorization for change to the Contract Sum or Contract Time. If this information results in a claim for a change to the Contract, the Contractor shall notify the [Construction Manager][Architect] of a change through the change process.

Cc: Kathy Bathe, Paric Corporation
