Requested By: Joe Voypick

Project Name: 15051-Webster University Interdisciplinary Science Building Project No.: 15051

Subject: Transfer Duct Detail

Response Required By: June 03, 2016

Drawing / Spec Reference:

Information Requested:

Mechanical contractor uses the attached transfer duct detail as our sheet metal shop standard. We would match the spec'd liner and the opening sizes marked on the drawings.

Is it acceptable to use the attached transfer duct detail in lieu of the transfer duct detail on drawing M0502

Response:

Proposed transfer detail is acceptable.

ARCHITECT'S RESPONSE:

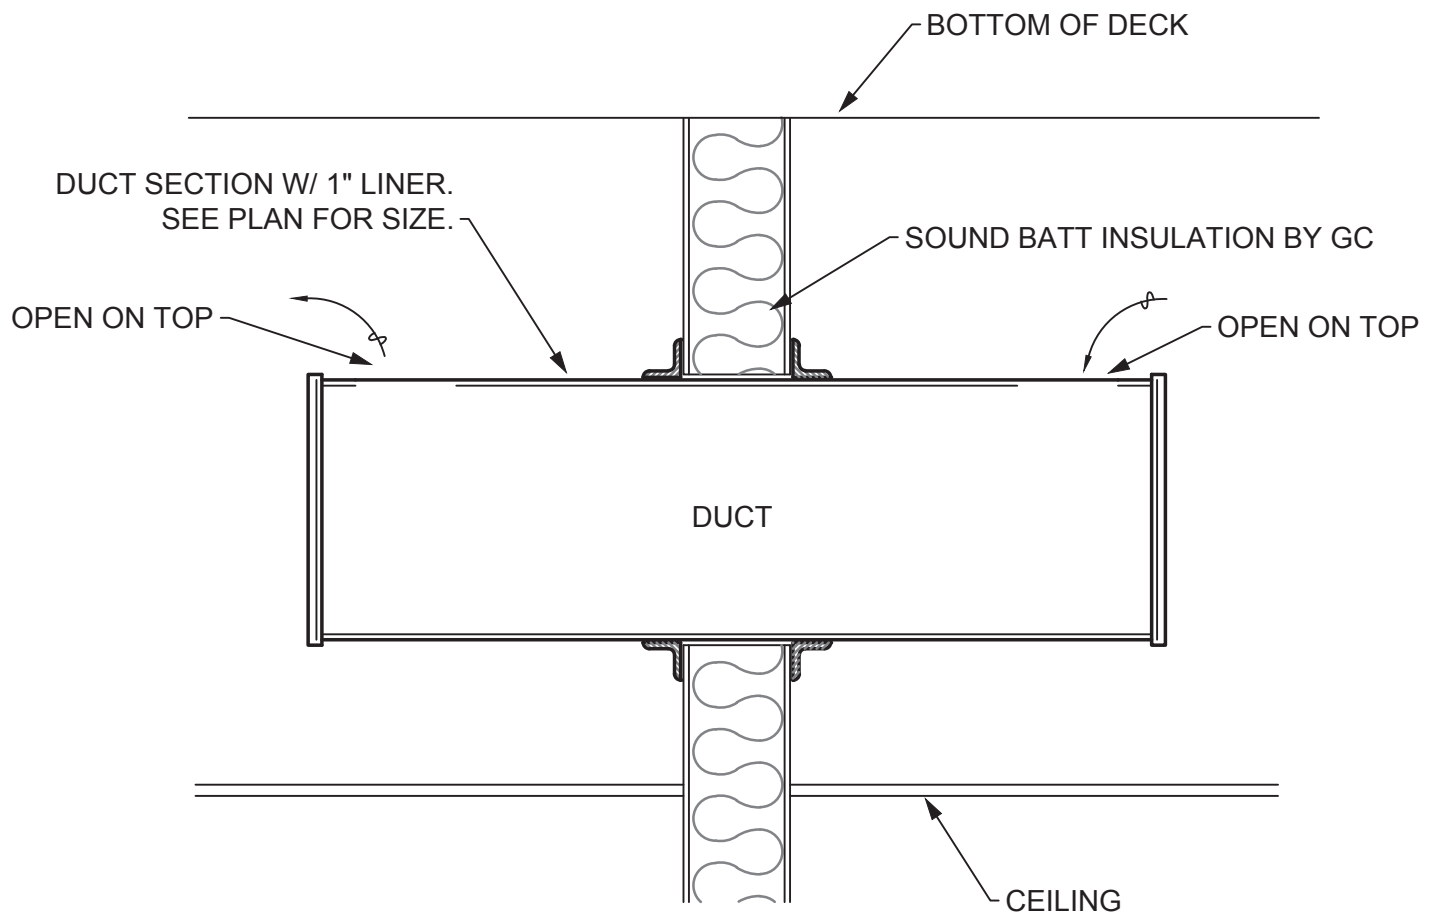

This information is provided as an interpretation of the Contract Documents for implementation. It is not an authorization for change to the Contract Sum or Contract Time. If this information results in a claim for a change to the Contract, the Contractor shall notify the [Construction Manager][Architect] of a change through the change process.
