REQUEST FOR INFORMATION DATE: June 27, 2016 NO.: RFI-184

To: Cannon Design

Attn: Kelvin Patel

From: Paric Corporation

Requested By: Joe Voypick

Project Name: 15051-Webster University Interdisciplinary Science Building Project No.: 15051

Subject: Draperies in Room 140

Response Required By: July 04, 2016

Drawing / Spec Reference:

Information Requested:

Drapery is indicated in Room 140, please advise if draperies are required in other rooms.

Specification Section 122200 does not specify the fabric to be used for the draperies and the drapery fabric is not listed on the materials list on the drawings, please advise the material required.
Are the draperies to be lined or unlined?

Response:

Draperies are required in three rooms: 140, 231 and 233. We had planned for an unlined fabric. See below

While coordinating this, we found that the draperies are being carried in the FFA budget by Spellman Brady. So that this is not a duplicated cost, please take this scope out the construction contract We will issue an ASI to clarify this scope change.

ARCHITECT'S RESPONSE:

This information is provided as an interpretation of the Contract Documents for implementation. It is not an authorization for change to the Contract Sum or Contract Time. If this information results in a claim for a change to the Contract, the Contractor shall notify the [Construction Manager][Architect] of a change through the change process.
