EPOXY TERRAZZO
Project WEBSTER U- ISP
Sample # 16-208
"BEIGE TERRAZZO"
TZ-2
It is difficult to duplicate exactly a sample of terrazzo in actual work. Marble, being a natural product, varies in shade. The shade of the epoxy matrix may also turn out slightly different. The size and denseness of the marble granules are not always uniform. Minor variations are therefore unavoidable and must be expected.
