Architect: Please select colors you would like to see a physical sample of.

Available Colors

Choose from a range of standard and custom quartz color blends to create a unique floor for your environment. All color blends are available for both broadcast and mortar applications. Series 223 Deco-Trowel will exhibit a different texture and appearance than Series 222 Deco-Tread shown below.

A seamless transition from the floor to the wall can be created by integrating either a cant or rolled radius cove into the existing wall, unlike rubber base materials.
