

Before It's Too Late.

Fire Sprinkler Facts

- Approximately 4,000 people die in buildings without fire sprinkler systems every year. In buildings equipped with sprinkler systems, the number drops to about 20.*
- Of those 20 deaths, 18% are due to the fact that the fire originated in an area of the building with no fire sprinklers.*
- Fire sprinkler systems must be installed, inspected, and serviced properly to ensure peak operation.
- Ahern Fire Protection offers complete fire protection solutions for your facility.

Customers

Our

Ahern has the resources to tackle projects of all sizes, from \$100 to over \$50 million. No matter which Ahern trade you hire, our qualified experts give you the personalized service that has made us an industry leader for over 125 years.

We work in a variety of business sectors including:
Commercial | Industrial | Institutional | Municipal

We execute projects in both the private and public sectors, and are equally comfortable in the role of a prime contractor or subcontractor.

The majority of J. F. Ahern Co.'s contracting projects are concentrated in the upper Midwest. However, the Company has worked throughout the United States and will continue to do so for selected projects. In addition to general contractors and construction managers, the Company regularly performs work for commercial and industrial business owners and developers.

Some of our clients include:

- General Motors
- Alliant Energy
- Quad/Graphics
- Agnesian Health Care
- Charter Steel
- Mercury Marine
- John Deere
- Target stores
- ACE Ethanol
- Aurora Health Care
- State of Wisconsin
- Harley-Davidson
- Milwaukee Metropolitan Sewerage District (MMSD)

Experience

Our

Beginning as a storefront steam heat and plumbing shop in 1880, J. F. Ahern Co. has since become one of the largest, most respected mechanical contractors in the nation. Over 125 years of commitment to excellence and continued growth set us apart from the competition.

We consistently rank among the largest mechanical contractors in the country, according to surveys compiled by *Engineering News Record* and *Contractor* magazine. J. F. Ahern Co. posted sales of \$212 million for fiscal year 2008.

Safety

J. F. Ahern Co.'s excellent safety record has earned us numerous safety awards, including:

- Wisconsin Corporate Safety Award – Three time winner of this honor.
- Fond du Lac Area Safety Council — Achieved best safety record among specialty trade contractors; Safety Honor Roll since 1985.
- Milwaukee Construction Industry Safety Council — “Best of the Best” award for an accident rate less than one-half the industry average.
- Associated General Contractors (AGC) — 12 consecutive years of achieving one of the best safety records in the state for specialty contractors; five consecutive years of maintaining a loss ratio 50% below national average.

Mission

Our

In striving for excellence, J. F. Ahern Co. must be a reliable, cost-effective and performance-oriented member of the construction team.

By working with and not just for our customers, and by utilizing our experienced management team of recognized industry leaders, J. F. Ahern Co. provides constructive solutions to our customers' mechanical and fire protection needs.

This commitment to excellence — a vision shared by all employees of the Company — assures the success of our customers' projects and continued success of the J. F. Ahern Co.
