- Product modification.
- Abnormal or atypical use or use that does not comply with good workmanship or the requirements and recommendations of CLIPSO.
- Installation by personnel with no training in the specific installation techniques of CLIPSO as stated above.
- Installation of the product where exposed directly to weather and/or direct sunlight.
- Defects during and after the installation of the CLIPSO Coverings using other manufacturers' profiles/track rather than the CLIPSO profiles/track.

The customer shall indemnify the Manufacturer against any claim from its insurers or other parties with whom it has contractual relations on the Manufacturer or its insurers beyond the limits and exclusions above. The Manufacturer's guarantee shall always be limited to the replacement of all or part of the goods recognized to be defective, to the exclusion of any liability or compensation for any reason. The third-party liability of the Manufacturer for any cause other than injury or serious misconduct shall be limited to an amount equal to the payment received for the sale of the product.
