1. This is certify that OMG EDGE SYSTEMS Products are manufactured by OMG in accordance with the highest standards of engineering skills from durable, high quality coated materials.
2. OMG warrants that it's Products, upon delivery, are free from defects in material and workmanship, excluding any freight damage, and, if properly installed, will not, under normal conditions, rupture, crack, or perforate for a period of 30 years from the date of shipment. The term "free from defects in material and workmanship" does not include waviness present in the flat area of the Products, due to inconsistency in the alloys, galvanizing process, light gauge metals, uneven substrates, installation and/or misalignment of support systems over which the Products are applied, which the industry has accepted as being prevalent and normal. Such waviness shall not be the cause for a claim under this or any other warranty.
3. OMG EDGE SYSTEMS Product with Fluoropolymer, Kynar 500® / Hylar 5000® finish, is warranted hereby not to chip, or peel for a period of thirty (30) years from the date of shipment or change color more than 5 E units or chalk in excess or ASTM D4214-07 rating of 8.

4. This Limited Warranty covers the Product, as stated in paragraphs 2 or 3, exposed to normal atmospheric conditions (which terms excludes corrosive or aggressive atmospheric conditions such as, but not limited to, those contaminated with chemical fumes or direct salt spray) in the continental United States. This Limited Warranty shall not apply where the Product failure is the result of fire, lightning, hurricane, tornado, windstorm, hailstorm, war or civil disturbance, vandalism, or other willful or accidental abuse, or other causes beyond control of OMG.
5. This Limited Warranty is for material only and does not include defects resulting from damage caused by other trades or materials substituted for, or used in addition to, OMG's Product, or when failing to provide simple and/or reasonable maintenance to the Product. This Limited Warranty is only for material supplied by OMG EDGE SYSTEMS and not for any other material obtained from other sources or not engineered and manufactured by OMG.
6. This Limited Warranty will not extend to or cover damage to the Product due to improper shipping, handling, installation (which term includes failure to permit drainage of standing water), or failure to remove protective masking, metal dust and shavings.

7. OMG EDGE SYSTEMS liability under the terms of this Limited Warranty will be limited to the direct cost of refinishing or replacing the failed Product. Refinishing of the failed metal shall be performed by using standard finishing practices and materials, not necessarily replacing the Product, at OMG's discretion. OMG will in all instances have the option of determining whether refinishing or replacing shall be utilized to fulfill its obligation. In no event however, shall OMG EDGE SYSTEMS responsibilities extend to any consequential damages, and in all cases, OMG reserves the right to approve and negotiate the contract for such repainting or replacing. The Limited Warranty on any refinished or replaced Product supplied hereunder, shall be, for the then unexpired portion of the Limited Warranty period, applicable to the original Product. In the event of replacement the cost shall not exceed the original purchase price of the Product.
